

# *Tansi/Hello,*

Fall is off to a great start here at McMurray Métis Local 1935! We broke ground on the Cultural Centre and we also had an incredible harvest from our gardens and were able to provide many of our Elders with fresh produce.

We would like to thank everyone for celebrating the ground breaking of the **Cultural Centre** with us. This is such an exciting time for us and the news about the Centre made many headlines. If you were unable to make the event you can catch all the action on our **Youtube Channel**, there is a [highlight video](#) and a [full recap](#)! You can also follow along on the progress on the Cultural Centre on [Facebook](#), [Twitter](#) and [Instagram](#) @mmcc\_1935.

We are working on our annual **Calendar Project** and are looking for historical photos to use. If you would like to submit a photo, please email [Laura.Singer@McMurrayMetis.org](mailto:Laura.Singer@McMurrayMetis.org) or visit the office.

Orange Shirt Day was commemorated on September 30. Check out our video [here](#). We also got the opportunity to visit Good Shepherd School, St. Martha School and Father Patrick Mercredi Community High School and set up teepees in their school yards! We hope all their staff and students enjoy the beauty of the teepee!

***Wishing everyone a Happy Thanksgiving, we are so thankful to have you all as members!***
